Skill Highlights

- AI technologies
- Cloud AI Platforms
- System Integrations
- Problem Solving
- Programming & Tools

Hobbies

- Exploring AI-driven solutions for real-world problems
- Football
- Engaging in Data Science challenges

Work Experience

AI Solutions Developer Intern

Tech Innovations Inc. | 06/2023 – 12/2023

- Assisted in integrating **AI models** into enterprise applications using **AWS**, **Google Cloud**, and **Azure AI** platforms for real-time decision-making and data analysis.
- Collaborated with senior developers to design scalable AI architectures, ensuring seamless integration with existing systems.

Projects

AI & Cloud Solutions Developer (Freelance Projects)

Freelance Projects | 09/2022 – Present

- **Smart Inventory Management System**: Designed an AI-powered solution using **Google Cloud AI**, reducing operational costs by 20%.
- **Customer Sentiment Analysis Tool**: Built a sentiment analysis pipeline using **Azure AI Text Analytics** to analyze customer feedback and provide actionable insights for improving product satisfaction.
- **Fraud Detection System**: Developed a machine learning model using **AWS SageMaker** to detect fraudulent transactions for an e-commerce platform.

Education

Bachelors Computer Science   Aug 22-Present
FAST NUCES

Certifications

- **AWS** Certified Machine Learning – Specialty (Amazon Web Services)
- **Google Cloud Professional** Machine Learning Engineer
- **Microsoft** Certified: Azure AI Engineer Associate

Achievements

- Winner of the **Microsoft Imagine Cup**
- **Microsoft AI Ambassador**
